

## 2011 Census Outputs - User Information Days

As part of its ongoing user consultation strategy, the Northern Ireland Statistics & Research Agency (NISRA) is organising two Census user information days to discuss proposals for the outputs from the 2011 Census.

The purpose of the events will be to:-

- provide an update on preparations for the 2011 Census;
- capture your views on the type of outputs that should be produced from the 2011 Census and the ways in which they should be disseminated;
- discuss the underlying geography that should be adopted for the outputs; and
- outline our proposals for and the Statistical Disclosure Control procedures that will be deployed to protect the confidentiality of the information provided by the general public.

The information days will start at 10:00am and will take place as follows:

<b>Belfast</b>	<b>Monday 7<sup>th</sup> June</b>
<b>Omagh</b>	<b>Wednesday 9<sup>th</sup> June</b>

Census Office would encourage users to attend **one** of these days to ensure that your requirements and views are considered in the ongoing development work. To attend one of these days you will be required to **register in advance** and places will be allocated on a **first-come-first-served** basis. Further information will be provided as part of the registration process.

You may register by **one** of the following options:

- Complete and return the reply slip overleaf by fax or post
- Download and complete the word document (using the link below), and return via email as an attachment

If there are other key census users within your organisation who would be interested in these events, I would be grateful if you would bring this invitation to their attention. Should you happen to receive more than one invitation, you need only register once.
